I am pleased to recommend **Mr. Vibhu Nimalan Bharathi**, currently a 1st Year undergraduate student at the Department of Computing in Human sciences, IIIT Hyderabad, who has successfully completed his internship under my supervision at the Department of Computer Science and Engineering, IIT Bombay.

His internship duration was from May 29th to July 1st, 2025, and his project was titled "Fine-tuning and adapting ML Models" His work demonstrated strong technical skills in machine learning along with dedication towards solving real-world challenges. His consistent effort, curiosity, and dedication make him an excellent candidate for future research opportunities. I strongly endorse his application for higher studies or professional roles.
